## RULES AND REGULATIONS

### Budget Billing

Customers have an opportunity to sign agreements with the District for spreading billing evenly over a twelve month period. The billing is based on estimated consumption made by a representative. In May, the end of the twelve month period, the difference between payments and actual usage is adjusted by adding or crediting the difference of the regular gas service bill. A copy of the agreement is made a part of the District's Rules and Regulations.

### Discontinuance of Service

The utility may refuse or discontinue service to an applicant or customer, after proper notice for failure to comply with its rules and regulations or state and municipal rules and regulations. Service shall be discontinued when a dangerous condition is found to exist on the customer's or applicant's premises, when a customer or applicant refuses or neglects to provide reasonable access to premises, for fraudulent or illegal use of service, or for nonpayment of bills. If discontinuance is for nonpayment of bills, the customer shall be given at least ten (10) days written notice, separate from the original bill, and cut-off shall be effected not less than twenty-seven (27) days after the mailing date of the original bill unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity of the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

BUDGET PAYMENT PLAN AGREEMENT

THIS AGREEMENT, made in duplicate between Western Lewis-Rectorville Gas District, a Kentucky Corporation with its principal office at Maysville, Kentucky (hereinafter called the "District") and \_\_\_\_\_ (hereinafter called the "Consumer") located at \_\_\_\_\_.

WITNESSETH:

That in consideration of Consumer's request to make gas service payments under the District's Budget Payment Plan, the Consumer shall pay the District at a fixed amount each month in lieu of monthly billings based on actual usage; whereby, any difference in the actual amount due and the fixed amount paid each month shall be payable in full each year upon receipt of the June billing.

It is further agreed:

1. The Consumer agrees that if at any time the Rate under which the District purchases gas service at wholesale is modified, the District may make a corresponding modification in the rate for service hereunder and the budget payment amount shall be adjusted accordingly.
2. The Consumer agrees that if at any time the Rates and/or Terms and Conditions as set forth in the District's Rate are adjusted or changed and said adjustments and/or changes are approved by the Kentucky Energy Regulatory Commission said adjustments and/or will become effective and supercede, cancel and replace rates and/or terms and conditions provided in existing rate prior to the effective date as set forth in the Energy Regulatory Commission's Order approving the adjustments and/or changes.
3. The Consumer agrees that monthly budget payments are subject to change where a trend develops indicating the amount set up is insufficient to result in a reasonable balance due in the June Billing Period; at which time, the difference in the fixed amount and actual cost of gas service is payable in full.
4. It is agreed that the Consumer shall make payment each month in the full amount of the Budget Payment as stated herein, irregardless of any accumulated charges credits for actual use. The accumulated charges or credits shall be adjusted on the June billing. Should the Consumer fail to make such budget payments by due date, service will be discontinued and entire balance becomes due and payable before service is restored. The Consumer shall be ineligible for future billings under the Budget Payment Plan.
5. This agreement shall continue from year to year, unless terminated by either party giving to the other notice in writing, subject to the provision stated in #4 above.

THEREUPON, it is agreed that \_\_\_\_\_ (Consumer) shall pay to Western Lewis-Rectorville Gas District each month, beginning with June billing, for gas service in the amount of \$ \_\_\_\_\_ under this Budget Billing Agreement, and shall pay in full annually the balance resulting from difference in actual usage and fixed amount paid each month in June billing. If a credit balance (overpayment) exceeds \$10.00 it shall be refunded upon request. Any credit balance less than \$10.00 will be applied on the succeeding month's bill.

RULES AND REGULATIONS

GAS COST ADJUSTMENT CLAUSE

Determination of GCR

The Utility shall file a gas cost recovery rate (GCR) with the Commission at least 30 days prior to the first day of each calendar Quarter. The GCR shall become effective for the billing for services rendered on or after the first day of each calendar quarter.

The gas cost recovery rate is comprised of:

1. The expected gas cost (EGC) on a dollar-per-Mcf basis, which represents the average expected cost of purchased gas based on 12 months of actual usage.
2. The actual adjustment (AA), on a dollar-per-Mcf basis, which compensates for differences between previous quarters' expected gas cost and actual cost of gas. The (AA) shall be the equal sum of the AA for the reporting period and for the three preceding quarters.
3. The supplier refund adjustment RA on a dollar-per-Mcf basis, which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve-month period. In the event of any large or unusual refund, the Utility may apply the refund procedures set forth herein.
4. The balance adjustment (BA) on a dollar-per-Mcf basis, which compensates for any remaining under-  
collections which have occurred as a result of prior actual, refunds, and balance adjustments.

GAS COST ADJUSTMENT CLAUSE  
(Continued)

Billing

The gas cost recovery rate to be applied to bills of customers shall equal the sum of the following components:

$$\text{GCR} = \text{EGC} + \text{AA} + \text{RA} + \text{BA}$$

The GCR will be added to or subtracted from the latest base tariff rates prescribed by the Commission Order in the tariff rates stated on each applicable rate sheet within the tariff.

Definitions

For purpose of this tariff:

1. "Average Expected Cost" is the cost of purchased gas which results from the application of suppliers rates currently in effect, or reasonably expected, to be in effect during the calendar quarter, on purchased volumes for the most recently available twelve-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve-month period shall be calculated as: sales volumes divided by .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Utility expects the volumes change substantially, the Utility may make appropriate adjustments to its calculations. Any adjustments of this type shall be described in the quarterly GCR application.
